Hi Blair,

Greeting from People St! It's been a while since our team has spoken to yours and I wanted to reach out to check-in and update you on what's happened on the People St side. Recently, Elizabeth Gallardo moved on to City Planning and in her place, Brian Oh is the new program manager. I, myself, am also providing support to the program as a consultant alongside Brian. I'll give you our contact info at the end.

First things first, we saw the re-opening of the one of the Parklets with new tables and chairs and wanted to commend you and your team for that huge endeavor. If you followed our twitter feed, we snapped and tweeted a picture! It's great to see it's new life with these furnishing.

We are hoping to get to speak to you soon. Do you have some time in the next couple days for a 15-20 min phone conversation. A couple items to cover: your MOU Renewal, Insurance and response to the site evaluation sent this last April.

Also wanted to give you a heads up on an upcoming People St Block Party on the 23rd of this month, celebrating People St's national award by the American Planning Association. We'd be delighted to have you and the Historic Core BID team join us that evening (from 6pm-8pm). We'll be sending info soon.

Please let us know when you are available to chat and what is the best way to reach you (direct line, or cell phone).
